WELCOME TO NATIONAL INTERSTATE

National Interstate consistently delivers responsive and creative solutions to its customers' unique insurance needs. National Interstate is rated "A+" (Superior) IX by A.M. Best Company and offers varying limits and deductibles.

We are dedicated to the Truck Transportation market, and will continue to develop new solutions for your risk financing needs. We offer a full array of specialty coverages, including: Automobile Liability, Automobile Physical Damage, General Liability, Workers' Compensation, Motor Truck Cargo, and Excess Liability as well as additional coverages and endorsements.

We offer several different programs for trucking operations including traditional first-dollar small deductible coverage, as well as alternative risk transfer programs, which are further outlined in these guidelines.

In addition to Truck Transportation, we also specialize in the following areas:

- Passenger Transportation
- Moving and Storage (Vanliner Insurance Company)
- Non-Emergency Medical Transportation
- Towing & Recovery
- Environmental Operations
- Crane, Rigging and Specialized Carriers
- Ambulance
- National Accounts

Each of these programs has its own agency distribution strategy. Let us know if you are interested in any of these programs and we will be happy to direct you to the appropriate department.

National Interstate looks forward to working with you. Your support will allow us to grow and provide your agency the outlet desired by your customers. Please feel free to contact our business development team at 800-929-1500 at any time with questions.

You can also visit our website at www.NATL.com

We look forward to working with you!

ABOUT NATIONAL INTERSTATE

National Interstate Insurance Company, with our wholly owned subsidiary, Vanliner Insurance Company, provides highly innovative insurance solutions and world-class customer service for a variety of commercial transportation industries. Our commitment to delivering exceptional value and the best, relationship-driven insurance experience has never wavered over our decades of operation.

Together, we have grown into widely recognized brands the transportation industry trusts. We protect customers in every state by providing dozens of insurance products, each one backed by our superior financial strength. Our solutions are carefully tailored to individual operational needs, including our proven loss control and claims handling support.

Headquartered in Richfield, Ohio, with an office in Kapolei, Hawaii, National Interstate and Vanliner have employees throughout the US. We are licensed in all 50 states, servicing a strong network of producers. Today, we are proud members of Great American Insurance Group, whose members are subsidiaries of American Financial Group, Inc. based in Cincinnati, Ohio.

TRANSPORTATION SOLUTIONS GROUP: PARTNERSHIP WITH GREAT AMERICAN TRUCKING

This partnership brings creative customers solutions to the trucking industry. Our collaborative approach and combined industry expertise sets us apart from other insurance carriers by introducing the most comprehensive product offerings available today. Our collaborative approach sets us apart from other insurance carriers, by simplifying the claims process and saving agents & insureds valuable time.

Great American Trucking has over 25 years of experience, their Trucking Division is the #1 writer of leaded-on Class 8 Owner-Operators on the road today.

Great American Coverage Offering:

- Non-Trucking Liability
- Physical Damage
- Workers Compensation
- Occupational Accident
- Contingent Liability

NATIONAL INTERSTATE PRODUCER EXPECTATIONS

National Interstate believes in building strong, lasting relationships with our producers. To foster this mutually beneficial relationship, we believe it is important for our producer force to:

- Learn our products and understand our risk appetite
- Provide complete, high-quality submissions within the established time parameters
- Place business with National Interstate when our pricing is competitive
- Present us with opportunities to offer an Alternative Risk Transfer quote on qualified prospects
- Provide market information on quotes that we do not win
- Provide National Interstate with last look on renewal business
- Aggressively pursue leads provided by National Interstate
- Stress to your clients the importance of prompt claims reporting directly to National Interstate
- Respond to all questions from National Interstate in a timely manner

National Interstate believes in a relationship in which both parties win and are working toward a common goal. Our producers will have a good understanding of our risk appetite, will communicate openly with us and will have a commitment to learn and sell our traditional first dollar as well as Alternative Risk Transfer products. National Interstate will provide sales assistance, marketing support, access to senior management and only allow its unique and innovative products to be sold by a limited number of qualified agents nationwide.

Agency Commitment to National Interstate:

1. We will be one of the three top carriers represented by the agency
2. We will see a steady flow of qualified submissions each quarter
3. Give National Interstate access to an audience with qualified prospects via WebEx or in-person visits
4. Present us with opportunities to offer an Alternative Risk quote on any traditional prospect that appears to be a good fit for one of our ART programs
5. Always provide National Interstate with last look on renewal business
6. Place business with National Interstate as opposed to other markets when our value proposition is competitive
7. Provide market information on quotes we do not win
8. Aggressively pursue leads provided by National Interstate

Expectations our Producers should have of National Interstate:Stability

1. We will limit the distribution of our products only to knowledgeable truck transportation specialists that are committed to the standards outlined in this document
2. We will continue to provide our clients with consistently superior service and innovative, market-leading Captive products
3. We are committed to the trucking industry; we will be a stable presence now and into the future

Access & Technical Resources

1. We will provide access to our Senior Management team
2. We will assist with WebEx demonstrations for qualified leads
3. We will visit qualified prospects in-person to serve as an expert resource on our products, including Captives

Communication

1. We will communicate Agency status on a quarterly basis, including submission counts, quotes and hit ratio
2. We will provide quotes in a timely manner

Territory Breakdown

Agencies can submit business within a predetermined territory that must be discussed with your Business Development Specialist. If you are unclear of your territory, please contact your Business Development Specialist.

This breakdown is applicable to both Traditional Truck Transportation and Captive opportunities.

PRODUCER APPROVAL

Producers must be approved by National Interstate to submit business. To be considered for approval, the following must be received:

1. National Interstate Insurance Company Producer Profile (required to be updated every three years)
2. Current copy of the agency's W9 and Errors & Omissions Declarations page verifying at least \$1M in coverage (required to be updated annually)
3. Copies of licensure per state requirement for your agency and all applicable producers

PRODUCER RELATIONSHIPS

National Interstate strives to maintain a productive working relationship with our producer force at all times. National Interstate believes in a relationship in which both parties agree on risk appetite, consistency, growth potential, communication, and commitment to learn and sell the Truck Transportation products. National Interstate is willing to provide material and education in order to help a partner learn about our products or any other business in which an agency may need assistance.

BROKER OF RECORD LETTER PROCEDURES

If an Account is submitted by Broker A and a submission with an BOR is received from another Broker (Broker B), the guidelines will be as follows:

- Agency must be currently appointed and in good standing with National Interstate's Truck Division
- The first completed submission received by National Interstate becomes the "Broker of Record"
- The Business Development Specialist will contact Broker A advising them of the BOR
- Broker A will be given 3 days (if lead-time allows) to obtain a rescinding BOR. If lead-time does not allow for 3 days a shorter time period may be offered.
- If a rescinding BOR is obtained the quote will be released to Broker A, otherwise Broker B will be recognized as the controlling producer.

Note: The Business Development Specialist reserves the right to contact the account directly if there is a question as to with whom the account wishes to do business or to expedite resolving the choice of agent. National Interstate reserves the right not to accept a BOR. Also, if a broker (Broker A) advises the Business Development Specialist to close a file and a submission is received from another broker (Broker B), it is not the Business Development Specialist's responsibility to notify Broker A that another submission has been received. BORs on in-force National Interstate Business will not be accepted if an agency has trial access to the programs. We will not accept a BOR once a proposal or formal indication has been released.

ANNUAL OBJECTIVES & EVALUATIONS

National Interstate is clear in its objectives to its agency base. At the end of each year, agency submission activity is reviewed and objectives are set for the upcoming year. Objectives are set for all product lines (traditional and captive products) including: new business submissions, number of written accounts, amount of new premium written, declination rate, and renewal retention rate. Additional objectives may include improving lead-time for accounts, working on submission completeness, or communication. National Interstate works hard to meet the goals it sets for itself, and expects each broker to work just as hard to meet the objectives set for them.

Each agency's results will be reviewed quarterly and shared with the agency. This review process will take into account the goals and objectives that were set at the beginning of the year. We encourage feedback from our agency partners in hopes that it will strengthen our relationship.

CO-BROKERING

Co-brokering is not permitted. Access to Truck programs is granted by office location. Locations with access are not permitted to co-broker or sub-produce business with other locations within their agency network unless the situation has been approved by a National Interstate employee prior to receipt of submission. We will only recognize producers that have been granted access to our programs. An agency's access may be in jeopardy if they do not adhere to these guidelines.

COMMISSION

- 10% commission for all traditional lines with the exception of Workers' Compensation, which is 8%. See *ALTERNATIVE RISK TRANSFER* for information on Alternative Risk Transfer commission.
- 12% commission for SmartFleet
- Commission is paid as premium is collected and should not be withheld from payments.
- Commission is paid on the 15th of the month following the month in which a payment was received.
- Unearned commission as a result of cancellation or credit endorsement will be billed back to the agency.
- Commission is paid on an account by account basis and is stipulated on each quote released.

PAYMENT TERMS

Down payments must be collected by the producer and forwarded to National Interstate along with the required signed forms before National Interstate can bind coverage on an account. Down payments may be paid by check or wired directly to our bank.

- All installments will be billed directly to the insured. The first installment is typically due 30 days after the policy's inception date.
- Payments can be made via check or electronic funds transfer.
- Options on installment plans will be identified on the proposal and will be unique for each account at the underwriter's discretion.
- Any endorsement activity causing changes in the monthly installments will be distributed over all remaining unbilled installments.
- Premiums may be financed through a Premium Finance Company; however, the finance agreement must be approved by National Interstate prior to binding. The down payment authorization as indicated on the proposal is still required prior to inception. A signed copy of an approved finance agreement is due prior to binding and the total premium balance must be received within 30 days of inception.
- Down payment authorization for Electronic Funds Transfer must be obtained by the broker and forwarded to National Interstate with the required signed form(s) (e.g. Signed Applications, UM Limits Election Form, etc.) prior to National Interstate binding coverage on an account.
- All checks must be made payable to National Interstate Insurance Company. We will not accept countersigned checks.

PAYMENT PLANS

National Interstate policies are direct bill pay plans and 100% free of finance charges. The following pay plan options are available:

- Paid in Full
- 25% down with 9 payments
 - For scheduled vehicle policies only.
- 20% down with 9 payments
- 15% down with 9 payments
- 10% down with 9 payments
- Premium Financed
 - A signed copy of the premium finance agreement and the total premium balance must be received within 30 days of inception. *A non-working deposit will still be collected at the time of binding and will be indicated on the proposal.*
- Additional options are available upon request.

CANCELLATIONS

- An insured's request for cancellation will be honored provided that the policy is returned or a lost policy release form, signed by the insured, is received prior to the requested cancellation date.
- The earliest date a cancellation will be effective is the date that National Interstate is notified in writing.
- At our option, we may extend the requested cancellation date of the policy to coincide with the cancellation of filings, and earn premium during that time. You may provide a hold harmless agreement from the new insurer offering continued coverage to avoid incurring premium charges past the effective date of the hold harmless agreement.
- Flat cancellations are not permitted.
- Cancellations may be subject to short-rate penalty except where limited by applicable law.

ENDORSEMENTS

- Please send all endorsement and loss run requests to TruckServiceTeam@natl.com with the policy number as the subject line.
- All driver/operator changes are to be reported. A current MVR for each driver is required for approval.
- Endorsements can be bound only by a National Interstate employee.
- Changes will not be made retroactively. Any exception to this rule must be requested in writing and have back-up documentation (i.e. if a vehicle was sold prior to the date National Interstate was notified, a bill of sale must be submitted in order for consideration to be given).
- For all policies with filings, a bill of sale is required to delete a vehicle.
- Any endorsement activity causing changes in the monthly installments will be distributed over all remaining unbilled installments.

LOSS CONTROL VISITS & INSPECTIONS

- The purpose of loss control visits and inspections are to obtain an objective assessment of the risk and its operations. Within the first 60 days of the policy term, National Interstate will perform either an on-site inspection or phone survey, at our discretion, for all new business and selected renewals. The insured will be notified prior to the inspection.
- The account's cooperation with loss control is required and a condition of their policy. A qualified independent company or a National Interstate Risk Management employee may be used. The Insured must make available personnel files, vehicle/unit maintenance files, safety records and manuals for this audit.

LOSS CONTROL SERVICES

National Interstate is dedicated to helping our insureds be as safe and as profitable as possible. We have a vast array of loss control services available that includes, but is not limited to the following:

- Consultations & Compliance Assistance
- Risk Management Portal
- Safety Materials and Presentations
- Preferred Pricing on Training and Compliance Materials
- Discounts available on select industry specific products

CLAIMS PHILOSOPHY

Humanizing the Claims Process – it's about both dollars and sense. As true industry experts, we understand how to achieve the most optimal outcomes – including protecting your company's goodwill.

Here's how National Interstate's Claim Professionals are a cut above the rest:

RIGHT CLAIMS, RIGHT HANDS

Our teams are organized by specialty and severity to ensure that your claims are handled by a claim professional who understands your industry, no matter the complexity. Following the report of your claim, you can expect a prompt and personal response.

CATASTROPHIC CLAIMS HANDLING

Report cat claims using the same 24-hour phone number you normally report claims to – 800-929-0870 – to receive around-the-clock access to our rapid response team, including our veteran specialists and extended network of experts.

WE HAVE CONNECTIONS

We have built a nationwide network of heavy equipment appraisers, accident re-constructionists, environmental specialists, medical professionals, and defense counsel. Our extended team is second to none.

ONLINE CLAIM SYSTEM

Access and track your claim status online – anytime.

OPEN LINES OF COMMUNICATION

We pride ourselves in being an open and transparent organization – as our customer, you'll have a personal connection to our claim professionals & senior leaders.

WORKERS' COMPENSATION BENEFITS

Our Claims Nurse Consultants assist with managing medical care to ensure your employee receives the appropriate care, resulting in optimal recovery at the lowest possible cost. We work with specialists to assist with medical management and cost containment including:

- Provider bill review
- Pharmacy benefit manager
- Physical therapy and diagnostic networks
- Investigation
- Transportation
- Interpretation services

SEVERITY TEAMS

A dedicated team of experienced claim examiners and attorneys specialize in handling your most significant, complex & litigated matters.

RECOVERY SERVICES

We aggressively pursue opportunities on your behalf, which can produce significant returns, substantially reducing the cost of claims caused by a third party.

CLAIMS SERVICE & REPORTING

- Timely reporting of losses is necessary to control claim costs and future insurance premiums.
- All claims must be reported directly and immediately to National Interstate. Failure to do so could result in the account being non-renewed or cancelled mid-term (where applicable by law).
- We respond to all accidents and losses as soon as possible. The sooner we learn of an accident, the sooner we are able to investigate and begin appropriate settlement procedures. Efforts directly following a loss often help to prevent unwarranted claims escalation. This is beneficial regardless of whether or not a deductible may apply, since loss costs are used to develop insurance rates.
- National Interstate's toll free claims hotline is 1-800-929-0870. It can be accessed 24 hours a day, 7 days a week from anywhere in the United States.
- Drivers should call us directly in the event of an accident or loss. One of our claims representatives will collect the initial information and assign the investigation to an adjuster. All claims will be effectively managed and monitored by National Interstate until final disposition.

MAIL: NEWCLAIMS@NATL.COM | CLAIMS 24 HOUR HOTLINE: 800-929-0870
CLAIMS FAX (8AM-5PM EST): 330-659-8909

UNDERWRITING APPETITE & ACCOUNT ELIGIBILITY CRITERIA

At National Interstate, our programs are designed specifically for well-managed, best in class trucking operations. We have extensive experience with all classes of for-hire carriers within the trucking segment. Our Truck program offers traditional first-dollar coverage, small and large deductible programs, along with basket deductible options. While National Interstate does not have a radius restriction, we have most success with local to intermediate operations with limited long-haul exposure.

Highly Desirable Classes of Business

- Less Than Truckload (LTL)
- Truckload
- Tankers
- Dry Van
- Reefer

Less Desirable Classes of Business

- Flatbed
- Dump
- Sand & Gravel
- Intermodal

There are a few commodities that are unfavorable to our appetite. Those include anhydrous ammonia, ammonium nitrate, explosives and munitions.

Other Eligibility Criteria

- 5+ power units
- In business for 3+ years
- Low driver turnover (less than 50% annually)
- Drivers home frequently (twice/week or more)
- Stable & moderate operation growth
- Low trip-lease or sub-hauler exposure
- Strong financials (20% or more equity/assets, >5% profit margin)
- Compliant with all local, state, and federal laws and regulations and regulatory agency requirements.
- Strong commitment to safety, evidenced by:
 - Active safety committee effectiveness – in depth accident investigation followed by targeted training to prevent similar occurrences
 - Quality of new driver/operator hiring, screening and training procedures
 - Ongoing driver training, certification and MVR screening
 - Driver supervision – effective corrective action process in place
 - Driver recognition and safety incentives along with low turnover among employees
 - Effective vehicle maintenance program with long term documentation

DRIVER ELIGIBILITY *(Applicable to all full-time, part-time, and occasional drivers)*

We underwrite the operation's management through an assessment of the driver pool. Overall quality of the motor vehicle records (MVRs), years of experience, turnover, and driver age profile determine driver pool rating. We expect the operation to adhere to all federal and statutory regulations. The information below is our standard criteria for a preferred driver group:

- All drivers must have a minimum of 2 years of U.S. driving experience.
- Minimum Age: 22. Please contact your Business Development Specialist for any exceptions to age restrictions. Subject to applicable state law.
- All drivers must have a minimum of 2 years of experience operating the same vehicle/unit type.
- All drivers must have a Commercial Driver's License (CDL) (if applicable) and be in compliance with all state and federal laws.
- All drivers must meet DOT standards.
- Evidence of insurability (current DOT medical exam or authorization) must be provided for any driver aged 65 and older.
- All drivers, including drivers added during the policy term, must be reported to National Interstate; we will require a current motor vehicle report and current medical exam or authorization (if applicable) along with years of experience operating a similar vehicle in order to add drivers.
- Drivers may be excluded if National Interstate deems their driving record as unacceptable (except where not allowed by state law or Insurance Commissioner Directive).

COVERAGES OFFERED

- Auto Liability
- Auto Physical Damage
 - Catastrophic available
- General Liability
 - \$1M per occurrence, \$2M general aggregate
- Motor Truck Cargo
- Workers' Compensation
- Follow-Form Excess Liability
- Property
- UM/UIM
- PIP/No-Fault

SUBMITTING AN ACCOUNT

By submitting an account to National Interstate, the producer represents that all submission requirements have been met and that the account, all drivers, and all vehicles satisfy all eligibility criteria set forth in these rules. In addition, the producer will comply with all rules regarding the binding and servicing of insurance should National Interstate provide insurance to the account. In order to have enough time to fully underwrite each account, we require submissions to be received as follows:

- New Business Submissions: No later than 30 days prior to quote date.
- Renewal Business Submissions: National Interstate will send a request for renewal information approximately 90 days prior to expiration. The renewal submission is required no later than 45 days prior to expiration.
- Submissions should be sent to TruckServiceTeam@natl.com

SUBMISSION REQUIREMENTS

- National Interstate Supplemental Application(s) and applicable ACORD applications completed and signed by both the Insured and the Broker
- Current Drivers List including the following: Status (full-time, part-time, personal use and family member), Date of Birth, Date of Hire, License State and License Number
- Current Motor Vehicle Reports (MVRs) for all drivers ran no earlier than 45 days prior to inception
- Current Vehicle/Unit List (including Year, Make, Model, Radius, Complete Vehicle Identification Numbers and Stated or OCN Values)
- Five Years of Currently Valued (within 90 days of inception) Company Issued Loss Runs (for the current year and four years prior)
- Fuel tax mileage reports for the most recently completed four quarters
- Account narrative that serves to better explain the exposure and additional information that may be helpful in underwriting the account
- Safety Program and Safety Manual
- Current Financial Statements, i.e. Balance Sheet and Income Statement (if available)
- For Workers' Compensation: Experience Modification Worksheets for each applicable entity and state
- Expected renewal premium and/or target pricing

BINDING NEW BUSINESS

Coverage will not be bound until National Interstate receives the following:

- A written request to bind
- The required down payment (copy of check made payable to National Interstate or wire transfer)
- Any required collateral or non-working deposit
- Applications executed by the insured and the producer
- Signed proposal(s), executed by the insured and the producer (if required)
- Bound Vehicle Schedule or confirmation of correct vehicle schedule on file
- The UM/UIM and/or PIP forms executed by the Insured as specified in the proposal (if applicable)
- Signed Premium Finance Agreement (if applicable)
- Signed Collateral Agreement (if applicable)
- All past due balances
- Completed Filings Form
- Claims and risk management contact & email address(es)
- Any and all other required documentation or "quoted subject to" items

PRODUCERS DO NOT HAVE BINDING AUTHORITY!

- Coverage can only be bound by a National Interstate employee.
- Upon receipt of the required down payment authorization and signed forms, all policy numbers and accident kits will be issued by National Interstate. Producers can issue identification cards and all certificates of insurance.
- Most quotes released are subject to receipt of additional documentation. Please note that failure to submit required documentation could result in coverage not being bound.

WORKERS' COMPENSATION ELIGIBILITY REQUIREMENTS

- Auto Liability and Workers' Compensation must be written with the same agency.
- An account must be in operation for and have verifiable workers' compensation loss history for at least the most recent three-year period. Five years of history is preferred.
- Accounts with no prior workers' compensation coverage history are not eligible.
- 75% of drivers/operators must be within National Interstate's Preferred Driver Guidelines.
- Accounts must have a formal written Return to Work program in place or willingness to implement one within thirty days of bind.
- Preferred accounts will have the following controls and best practices in place:
 - Written safety program
 - Accident reporting procedures
 - Drug and alcohol testing: pre-hire, post-accident, and random
 - Background checks
 - Physical abilities testing (PATs)

ALTERNATIVE RISK TRANSFER

National Interstate has been a leading provider of Alternative Risk Transfer (ART) solutions for the transportation industry since 1995. In an ART program, insureds partner with National Interstate to participate in risk. The insured pays premium into their customized program. A portion of that premium, along with investment income, may be returned to the insured at the end of the accounting cycle for the program. National Interstate has created three group rental captive programs that cater to different size trucking operations; Convoy, Venture, Voyager, and Voyager+. These programs are available only through appointed National Interstate truck agents. We seek best in class operations with a commitment to excellence in their safety and risk management practices.

Underwriting Appetite and Account Eligibility Criteria

Our underwriting appetite for our ART programs follows closely to that of our appetite for our traditional truck operations. In addition to those qualities, ART prospects should exhibit the following characteristics:

- Appetite for risk
- Strong and healthy financials
- Strong driver profile
- Favorable loss history

Selling Cycle

- Minimum four months selling process
 - Four months prior to expiration date, contact the company to pre-qualify the account and set tentative date for you and a National Interstate representative to jointly present the captive concept to the operation's decision maker.
 - No later than three months from the expiration date, a joint presentation to the prospective member of the concept via WebEx or in person.
 - No later than seventy days from the expiration date, a complete submission should be forwarded.
 - No later than thirty days from the expiration date, a joint captive cost projection presentation to the prospective member with a predetermined closing strategy.

Coverages

- Automobile Liability including CA 99 48 and MCS-90
 - Extension endorsement available
- Auto Physical Damage
- General Liability
- Workers' Compensation
- Motor Truck Cargo
- Trailer Interchange
- Garagekeepers
- Garage Liability

The following coverages are offered outside of the program retention:

- Follow-Form Excess Liability
- Property

Features & Benefits

- Potential to receive underwriting profit and investment income
- Long term control over the unpredictable pricing in the commercial transportation insurance market
- Premiums based on individual account loss history and operations
- Lower program operating costs and economies of scale previously available to only larger fleet operators
- Maximum annual cost is known in advance and is limited by contract
- Enhanced loss control, risk management and claim services
- Unique aggregate stop loss and basket coverages to ensure the program's continued viability
- Superior financial security provided by National Interstate Insurance Company

CONVOY

The Convoy program combines the advantages of a deductible program and the advantages of an Alternative Risk Transfer program.

Minimum Premium of \$250,000

Rates & Retention

- \$25,000 basket deductible across Auto Liability, Physical Damage and Motor Truck Cargo.
- Pooled shared layer of risk with other members at \$150,000
- National Interstate pays all covered claims above \$150,000 up to the policy limits and limits ultimate loss payments for losses within the participants retention

Agent Commission

- 10% commission for Auto Liability, Auto Physical Damage, General Liability, Motor Truck Cargo
- 8% commission for Workers Compensation

VENTURE

Minimum Premium of \$300,000

Rates & Retention

- Aggregate losses and associated allocated loss adjustment expenses falling within the \$0 - \$50,000 loss layer will be projected for each participant
- Participants will pay for their own losses within the \$0 - \$50,000 loss layer sharing losses with other participants on a limited basis
- National Interstate pays all covered claims above \$50,000 up to the policy limits and limits ultimate loss payments for losses within the participant's retention

Agent Commission

- 3% origination fee for all new business paid over 12 months
- 6% commission for all new and renewal business

VOYAGER

Minimum Premium of \$750,000

Rates & Retention

- Aggregate losses and associated allocated loss adjustment expenses falling within the \$0 - \$100,000 loss layer will be projected for each participant
- Participants will pay for their own losses within the \$0 - \$100,000 loss layer sharing losses with other participants on a limited basis
- National Interstate pays all covered claims above \$100,000 up to the policy limits and limits ultimate loss payments for losses within the participant's retention

Agent Commission

- 2% origination fee for all new business paid over 12 months
- 5% commission for all new and renewal business

If an insured is looking to take on risk above the initial \$100K in the Voyager program, but is still interested in being part of a group Captive, we offer Voyager+. This allows them to take up to \$500K in risk while still being a Voyager member & participating in group risk sharing for the first \$100K.

NATIONAL ACCOUNTS

Minimum Premium of \$2,000,000

Our National Accounts division works with an open network of producers to provide highly creative and sophisticated risk financing solutions for large fleets, typically with 250+ units. The flagship programs include large deductible programs, hybrid programs, and rental or owned captives.

Please note: we will not look at an account with an open broker for national accounts and an appointed agent for a truck product.

VIOLATION OF RULES

The following acts or omissions are violations of these rules and may be grounds for cancellation or nonrenewal at the sole discretion of National Interstate Insurance Company, except where limited by applicable law:

1. Submission of application forms that are not complete or accurate
2. Late reporting or non-reporting of drivers or vehicles
3. Addition of unacceptable drivers during the policy term
4. Failure to provide all signed documents required by National Interstate, including all documents specified in the proposal for insurance
5. Late payment or non-payment of premium, collateral or deductible reimbursement
6. Late reporting or non-reporting of accidents or occurrences
7. Violation of policy provisions
8. Material change in risk
9. Failure to comply with safety recommendations
10. Change in ownership
11. Failure to stay in compliance with any and all local, state, and federal laws and regulations, including any regulatory agency requirements

National Interstate reserves the right to cancel or non-renew policies for reasons other than the foregoing violations of these rules.

COPILOT

Our CoPilot suite of services was designed with our insureds in mind. We aim to be their critical business partner, offering them better tools, insight and expertise through three programs: CoPilot Telematics, CoPilot ProPurchase, and most recently, our CoPilot Portal.

COPILOT PROPURCHASE

National Interstate's ProPurchase program gives insureds quick and easy access to deep discounts from national, market-leading suppliers across all the products and services needed to operate their business.

ProPurchase Highlights include:

- 3M+ products & services available
- 15-62% discounts on expenses incurred daily to operate their business
- Easy-to-use, one-stop eCommerce marketplace
- Available product categories:
 - OTR Fuel
 - Tires
 - Parts
 - Shop & Maintenance
 - Diesel Exhaust Fluid
 - Oil & Coolants
 - Vehicle Wash
 - Safety & Regulatory
 - Cleaning & Janitorial
 - Office & Breakroom
 - Moving & Storage
 - Technology & IoT
 - Tolls

COPILOT PORTAL

National Interstate's CoPilot portal provides transparent and instant access to the information our Agents seek most.

- Single Sign-On: CoPilot merges all existing company portals into one, accessible via desktop or mobile device.
- Agency Metrics at Your Fingertips: CoPilot provides a holistic view of your book of business with National Interstate, including premium metrics and specific policy information.
- Real Time Submission Tracker: See where a submission stands in our process, including next steps.
- Up-to-the-Minute Claims Status & Highlights
- Easy Access to Loss Runs
- Billing Inquiry: Gives access to pull data and customize reports on your customers.
